REPORT UNWANTED CALLS

THE POWER OF REPORTING YOUR CALLS

Every report becomes part of a structured case file — one report at a time.

www.usconsumerhelp.com / File a Complaint

We review every report and build **structured, lawyer-ready case files** documenting fraud, scams, and bad business practices for our affiliated attorneys. Your details matter — the more complete your report, the stronger the file.

DO NOT CALL REGISTRY

After your number is on the registry for **31 days**, you can report unwanted sales calls. Register free at **DoNotCall.gov** or call **1-888-382-1222** from your phone. Confirmation is sent via email within 72 hours.

ROBOCALLS

Report calls that use a **recorded message** instead of a live person — whether or not your number is on the Registry. Robocalls are illegal without prior express written consent and can result in fines of **$500–$1,500 per call**.

WHAT WAS THE CALL ABOUT?

Tell us what the call was about. Check the category that best describes it — for example: **debt reduction, home security, vacations**, or other topics. Every detail helps build a stronger case file.

⚠ IMPORTANT REMINDER

Even if your number is registered, some organizations may still legally call you — such as **charities, political organizations,** and **telephone surveyors**. For a full description of who may still call you, please consult our team at **www.usconsumerhelp.com**.

DEBT COLLECTORS — KNOW YOUR RIGHTS

Debt collectors may continue to call you whether your number is on the Registry or not. **Know your rights** regarding debt collection. If a debt collector is not respecting your rights — report it!
